Authorisation for veterinary treatment

I give permission for worm/flea treatment to be given if necessary.

I agree that in the case of suspected illness, a veterinary surgeon may be contacted, my cat examined and investigations performed if required (eg. blood tests, X-rays).

I agree to the cattery administering any prescribed treatments the vet considers advisable.

I understand that the tests and treatment will be given at my own expense.

I also give consent for euthanasia should this be recommended on humane grounds by the veterinary surgeon caring for my cat, in consultation with my own veterinary surgeon and /or contact person.

I have discussed the options for dealing with the cat with the cattery proprietor.
